Our Relationship Reward Program

Our 'Relationship Reward' program rewards members on the basis of their support of the Bank and utilises the members helping member philosophy.

Your 'Relationship Reward' is the number of **FREE** transactions you qualify for each month. It is based on the total balance you have in any combination of the following:

- **Home Loans**
- **Personal Loans**
- **Balance of Overdrafts**
- **Savings Accounts**
- **Term Deposits**

At the end of each month we will look at the average value of the above accounts and calculate your Relationship Reward level. This will then determine the number of free transactions that you are entitled to in that month.

Your Relationship Reward Benefits

Membership with a balance of \$10,000+ **13 FREE** transactions in that month.*

Membership with a balance of less than \$10,000 **5 FREE** transactions in that month.*

Retired members over 58 years of age (who have registered with us) **12 FREE** transactions in that month.*

All in One Home Loan holders receive **20 FREE** transactions per month.*

All in One Home Loan Rewards PACKAGE holders receive **UNLIMITED** transactions per month.*

*Your transactions consist of withdrawals made via any domestic or international ATM, EFTPOS, and Personal Cheques. All other excess transactions are charged \$1.20. (Excess transactions charges are excluded for All in One Home Loan Rewards PACKAGE holders).

Retailers and merchants can choose which network they process a transaction through, including contactless transactions (e.g. The Visa network or the EFTPOS network). Transactions processed via the Visa network do not count towards the excess transactions limit. However, transactions processed via the EFTPOS network do count toward this limit.

- Transaction fee exemption applies for full time students between 18 and 25 years of age. (Please provide us with annual confirmation from your Educational institution that you are enrolled in full time studies for the current year.)
- Members under 18 years of age are exempt from transaction fees.
